Encompass Academy Awarded \$10,000 Grant from Konner Robison Scholastic Gateway Fund to Enhance One-to-One Device Program

Reno, NV — Encompass Academy is thrilled to announce that it has been awarded a generous grant of \$9,974.86 from the Konner Robison Scholastic Gateway Fund, administered by the Community Foundation of Northern Nevada. The grant will be used to support the school's one-to-one device program by purchasing iPads and protective cases for all students, furthering the school's commitment to equitable access to technology and enhancing student learning.

The mission of the Konner Robison Scholastic Gateway Fund is to provide Washoe County students with direct access to modern technology, ensuring they have the tools necessary to succeed in a competitive, technology-driven world. With this grant, Encompass Academy will continue to provide its students with the resources they need to thrive in today's digital learning environment.

"Thanks to the incredible generosity of the Robison family and the community members who contributed to this grant, we are able to maintain and enhance our one-to-one device program," said Adam Khan, Principal of Encompass Academy. "This program has been instrumental in helping our students succeed academically, particularly in bridging the digital divide and ensuring that all of our students, regardless of background, have access to the same educational opportunities."

Since implementing the one-to-one device program in the 2020-2021 school year, Encompass Academy has seen a marked improvement in academic performance, with credit attainment rising from 75.9% in the 2018-2019 school year to 84.68% in 2022-2023. With this new grant, the school will be able to replace lost and damaged iPads, ensuring that every student continues to benefit from the program.

As a Title I school, Encompass Academy serves a diverse population of students, many of whom face economic challenges. The one-to-one device program helps provide equal access to educational resources, which is vital for promoting equity and preparing students for future success.

Encompass Academy extends its heartfelt gratitude to the Robison family and the contributors to the Konner Robison Scholastic Gateway Fund. Their dedication to improving educational opportunities in Washoe County is truly inspiring.

For more information about Encompass Academy's one-to-one device program or how this grant will benefit students, please contact Kristen Boucher at kristen@encompassacademy.org.
